I I-PLUS

Every detail of up-and-down reflects fineness

The founder of Bauhaus Gropius devotes all his lifetime to the harmony of art and industrial society and strives to explore the new unification of craft and technology. He thinks the mission of designer is to put soul to the dull mechanized products.

That is i-plus.

Intelligent lifting system, changes the traditional office mode, sit or stand all by your choice, which realizes the 8-hour healthy office. Classical H feet, inherits stable and powerful style, bears countless polishing, shaping, chamfering, abreasts German precision-made craft and becomes more powerful and elegant.

Every detail of up-and-down reflects fineness. Only excellent design could achieve the i-plus the outstanding work value and make it model of wisdom office furniture.

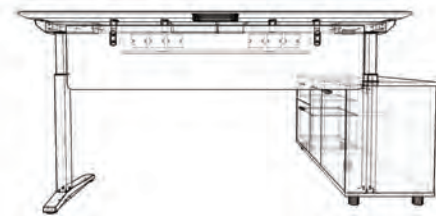

Every detail of up-and-down
reflects fineness

Finding high efficient and healthy office life is the mission of i-plus.

In foreseeing way, inducting the wisdom lifting system to i-plus, which includes the hand-operated lifting and power-driven lifting, the i-plus meets the special demand of modern workers at different times and in different circumstances.

Designs works for people ultimately and gains the final uniting of art, technology and function in i-plus.
