

**AULENTI**

What matters is not limited to lines and surfaces. Office furniture should be like those landmark buildings, integrating technology innovation and fashion aesthetics, and standing out in a unique style. I hope Aulenti could be the best practice of this.

## Space of Beauty and Strength

What we do is to deliver technology in a more poetic way, that is, to realize organic interaction between technology and design, which requires technological innovation, quality details, humanized design and exquisite upholstery.

Aulenti is the product of technology expressed through design.

The elegant shape shows our constant pursuit of beauty.

You can experience how Aulenti renders "strength and beauty" in a unique way from any angle or detail, including the dynamic legs shape, neat lines, smooth curve face and the application of side desk light.

We hope that Aulenti, the combination of strength and beauty, and firmness and softness, will become a model for modern office space.

Break the Boundary  
Empower the Beauty

If we say "architecture revives a city", then office desks should almost determine the office environment. The powerful front contour, and those diamond-like splendid curves are all inspired by the dual edged infinite display of Galaxy S8. The concise and bright shape of crossed desk legs demonstrate a perfect combination of strength and beauty. Special formaldehyde-free water-based dual varnishing technology helps to create a greener and friendlier office atmosphere.

In the city, at the center of CBD, when night falls and lights on,  
Aulenti is always here for you and your dream.

Innovation, for the Eyes that Perceive Beauty.

The cable-stayed design of the framework is the essence of Aulenti's "strength and beauty". It is like the immense whale bone, stable and full of dynamic sense. It is like the antenna of City of Arts and Sciences in Valencia, perfectly integrating art, technology, beauty and strength.

### Side Cabinets that are Also Highlights

The octagon shape makes it both elegant and lively.

The extension of cable-stayed design matches perfectly with the main desk.

Large-capacity drawer makes the whole space clean and organized.

Every line and every detail elaborates the conciseness and luxury of Aulenti.

**Back Cabinets  
with Geometric  
Beauty**

The natural wood grain and the matte leather make the cabinet classic and exquisite, and make the whole office trendy and unique.

Cabinets composed of geometric blocks, which represent minimalist spirit practice the functions of display and collection to the fullest.

Techniques of grooving and binding the edge and corner overturn the flat opening mode and allow the user to switch the cabinet between storage and display area at will.
