CHENNAI SHOWROOM 17, Selvarangaraja Street Anna Salai, Saidapet Chennai - 600015 Tel: +91 44 42040568, 42040569 BANGALORE SHOWROOM 14, Langford Garden Richmond Circle Bangalore - 560025 Tel: +91 80 22222459, 42129128

It provides dynamic and long-lasting comfort for your backbones.

Yoga-based spine-friendly Chair

H2 highlights healthy sitting postures and integrates the highly- recommended spinal rehabilitation method- yoga's bridge pose into its design.

A Masterpiece Of Ergonomics

MESH CHAIR

Under the guidance of ergonomics, H2 offers common but differentiated support for cervical vertebra, thoracic vertebrae, and lumbar vertebra, shielding you from the hazards caused by sedentary working.

The pioneering 3D dynamic dual-backs help to maintain the spine's natural curvature, thus realizing the balance of comfort and personalized ergonomics in one sophisticated design.

Here are some of the benefits of the bridge pose: 1.Help strengthen back muscles; 2.Relieve a tired back; 3.Benefit your chest, spine and neck; 4. Help to reduce anxiety, depression, and stress; 5.Benefit the digestion system.

Innovative multiple-gear lumbar support

Just like spines lift up as yoga bricks pile up, the lumbar support allows edgeless gear-transition to accommodate different working modes, achieving the flowing movement of spines under various gears.

Today's workers have rather high anticipations towards office furniture, hoping they are powerful enough to act as performance boosters and deal with the everchanging working requirements effectively.

Set your own comfort

H2's lumbar support taps deep into angles, and offers 10-gear fixed-point support: No matter you are taking a nap, hunching over a desk, sitting still, meditating or reading, you can feel the scientifically-backed comfort every moment, everywhere.

Move with your body

30-degree synchronous swing from side to side makes H2 fit your body like a glove, activating the hidden functions of your waist and relieving your pressure effortlessly.

Comfortable throughout working hours

According to sitting biomechanics, the strong bracing provided by lumbar support helps your lumbar vertebrate to maintain a natural curvature and mitigate the stress felt by it.

Dealing with back pain is difficult enough, but when also have a depressed mood, poor digestion, and any of the other posture-related problems, it can dramatically impact your quality of life.

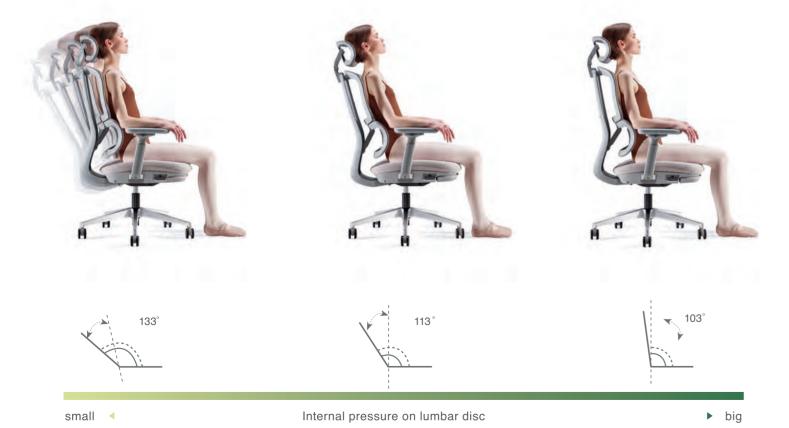

Flexible tilting adjustment

4-gear tilting adjustment brings less machine and more human, satisfying the needs for working, meditating, reading and lunch breaking; 55mm seat depth adjustment flexibly accommodates people of different body shapes.

Lower end rotates 60°

Upper end rotates 140°

An unassuming yet timeless appearance

The graceful silhouette of H2 sits equally well in all kinds of workplace interiors.
