WINGER

Born with Elegance, Smart and Satisfying

The true elegance lies in natural expression of manners.

The true wisdom sources from powerful mind and lightens your life.

Winger, the embodiment of both elegance and wisdom.

Elegant in Shape, Inspired by Swan Wings

Interesting ideas are always inadvertently generated. Designers wandered alongside the lake and saw the elegant swan, thus got the idea of Winger, which means wings. The backrest and the lumbar support is shaped like a swan spreading its wings, which makes the modern office space full of vitality.

Endow the Space with Elegance

8-hour high-intensity work needs effective support. Winger executive chair has ergonomic design that corresponds to natural gesture of human body. Korean Wentex twin-wire mesh fabric is fine and pliable, offering flexible support to your back and waist. The optional headrest fits the cervical curvature to release neck fatigue.

Smart Control over Mobile Phone

You can download Smart Chair application and scan the QR code to connect to the chair, and your sitting data can be recoded online.

Smart Chip with Easy Control

Sitting Gesture Alarm&Biological Index Monitoring

Smart Monitoring for Your Health

With an inductive function, it serves as a health keeper who monitors your real-time blood pressure, heart rate, and respiratory rate.

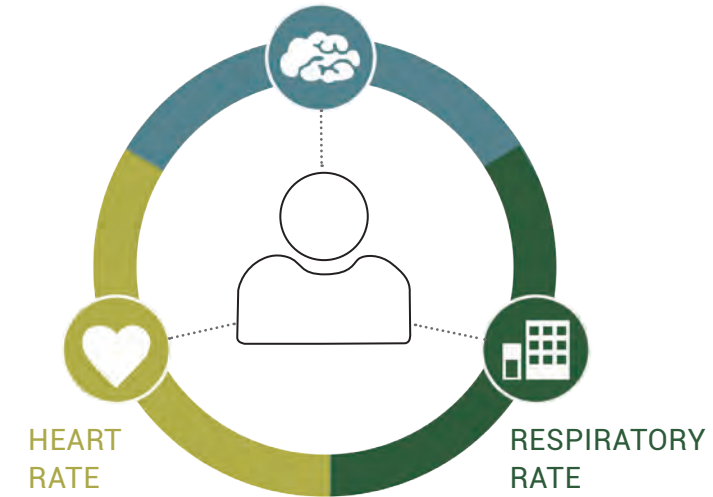

Smart Chip, A Healthy Gesture Reminder

When the posture is harmful to your health, the seat will send out vibration to remind you to correct the posture!

Mental Stress Monitoring

Use Instructions

Download Smart Chair app and scan the code on the chair for connection; or push the button on the chair for blue tooth connection

Adjustment

Keep you body in the middle of the chair.
Perform healthy sitting posture adjustment.
Return to initial position after leaving the seat.

Smart in Functions Optional Footrest for First-class Comfort

A 20-minute break at noon can rejuvenate your work in the afternoon. Winger II is equipped with a foldable footrest. Pulling it out, and you can lie down and rest your feet on it.

Mobility Lumbar Support, Unburden Your Waist and Back

Height of the lumbar support can be adjusted to reduce pressure on the lower back and the disc.

Just Lie down for A Sweet Nap

The backrest may tilt for 125°, like a deck chair occupying space of one chair.

Adjustable Headrest

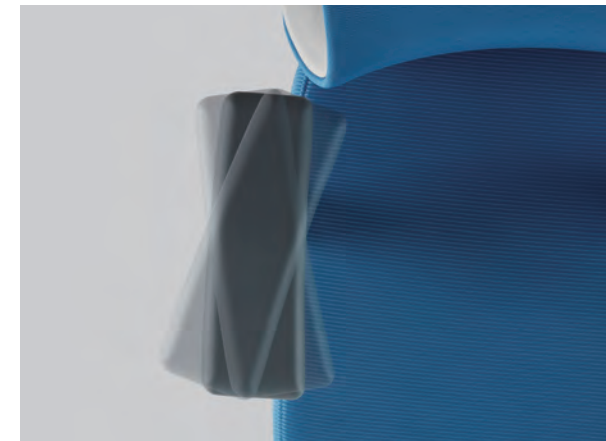

The height of the headrest can be adjusted by 45mm to accommodate different body sizes.

Vivid Colors Release Space Vitality

Colors in space are always highlights that lighten one's mood. Relaxed and beautiful yellow, deep and quiet blue, warm and jumping red, fresh and soft beige... Winger II series chairs are available in 11 colors. The colors of the base and the backrest may vary to create various color matches to echo to the space characteristic, bringing wonderful visual impact.

Smart Mechanism to Keep Natural Gestures

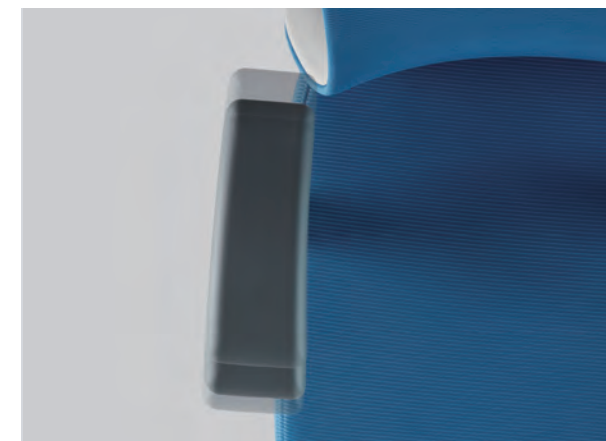

Armrest leftward-rightward adjustment range: 0-20mm

Make sure your upper arms are parallel to your spine and your elbows are at a right Angle, so that both shoulders are relaxed during noon nap.

Armrest height adjustment range: 0-100mm

The armrest can be adjusted based on your postures to offer efficient support.

Armrest forth-back adjustment range: 0-30mm

You can adjust the position of the armrest for more comfort in your elbow, shoulder, and neck.
