Premium Office Furniture

Today is a time of changes and innovation, and conventional designs can no longer satisfy increasingly high aesthetic appetites of people. Tetris introduces interesting Tetris into sofa design by reshaping sofas into square grids. Through imaginable combinations of modular parts, Tetris will fill your space with vitality and infinite possibilities.

Tetris is all about changes. Each module is independent yet able to be fitted in any combination. No need to worry about space size or style, Tetris is your one-stop solution!

Natural and Graceful Single Seat

The main frame made of Russian larch over 50 years ensures its strong support.

A seat depth of 560cm is sufficient when you rest both legs on it.

With a wide armrest of 23cm, you can feel comfort under your head when lying down.

Sit down, have a cup of tea, with a book in your hand, what a wonderful sunny afternoon.

Multi-function Coffee Table

Send your last E-mail, and let's call it a day.
Listen, Freud and Druck are whispering.
Push the top tray slightly, take out your favorite book, make yourself a cup of coffee, and connect a USB to charge your mobile phone after the busy day. When the night falls and lights are on, the floor lamp droops its head and waits you to start the night.

Refined Vibe for Meeting Erudite Guests

Natural and Puffy as Made of Cloud

Completion of masterpieces always requires high-end materials. Tetris is filled with a 1:1 mixture of duck down and highly-elastic fiber, which ensures sustainable resilience and avoids deformity. Pat the seat slightly after a long-time sitting, then it will restore its shape in no time. The three-proof (water, oil, and soil) material frees this fabric sofa from cleaning problems. Stitching and point-drawing techniques ensure balanced distribution and steadiness of down. Tetris carries craftsmanship into every detail, presenting you with zero-pressure sitting experience.

Your aura is your second ID card. The moderate luxury texture of Nappa leather naturally manifests your generosity and elegance.

Get Closer with the Rotatable Backrest

You know you would like to get some fun after signing a massive deal. The 360-degree-rotatable backrest allows you to sit back to back and shoulder by shoulder, be it a formal or casual occasion, let's forget all the workplace tension, and get the party started!

Soft Inside and Tough Outside

People tend to regard business as a battle field, and battle-scarred elites have their keys of invincibility: expedient mentality to handle ever-changing situations; upright attitude to suit the blooming new times.

When modern and concise lines encounter with plump and stocky squares, here comes some pleasant surprise. Diverse modular combinations are steady, flexible, but are by no means old-fashion, making business negotiation here is easy and deliberate.
