COLORS & FINISHES

Through time and space
How can it be still
Revolution will bring classic

"Easy" is an action, contains the meaning of chinese cultrue, from simple to change, to purify, imply culture evolvement.

"Easy" is a process, keeping people thinking, changing and innovating. What happiness is? It's makes life more propitious, what success is, it's makes work more easy.

Laminates are engineered wood finishes that can be made to look like natural wood. They have the advantage of being strong, durable and budget friendly. At Boss's Cabin we continually keep upgrading our laminate range to keep bareast with the latest developements. As a result our range of laminates are so advanced that its difficult to differentiate them from natural wood.

LAMINATES

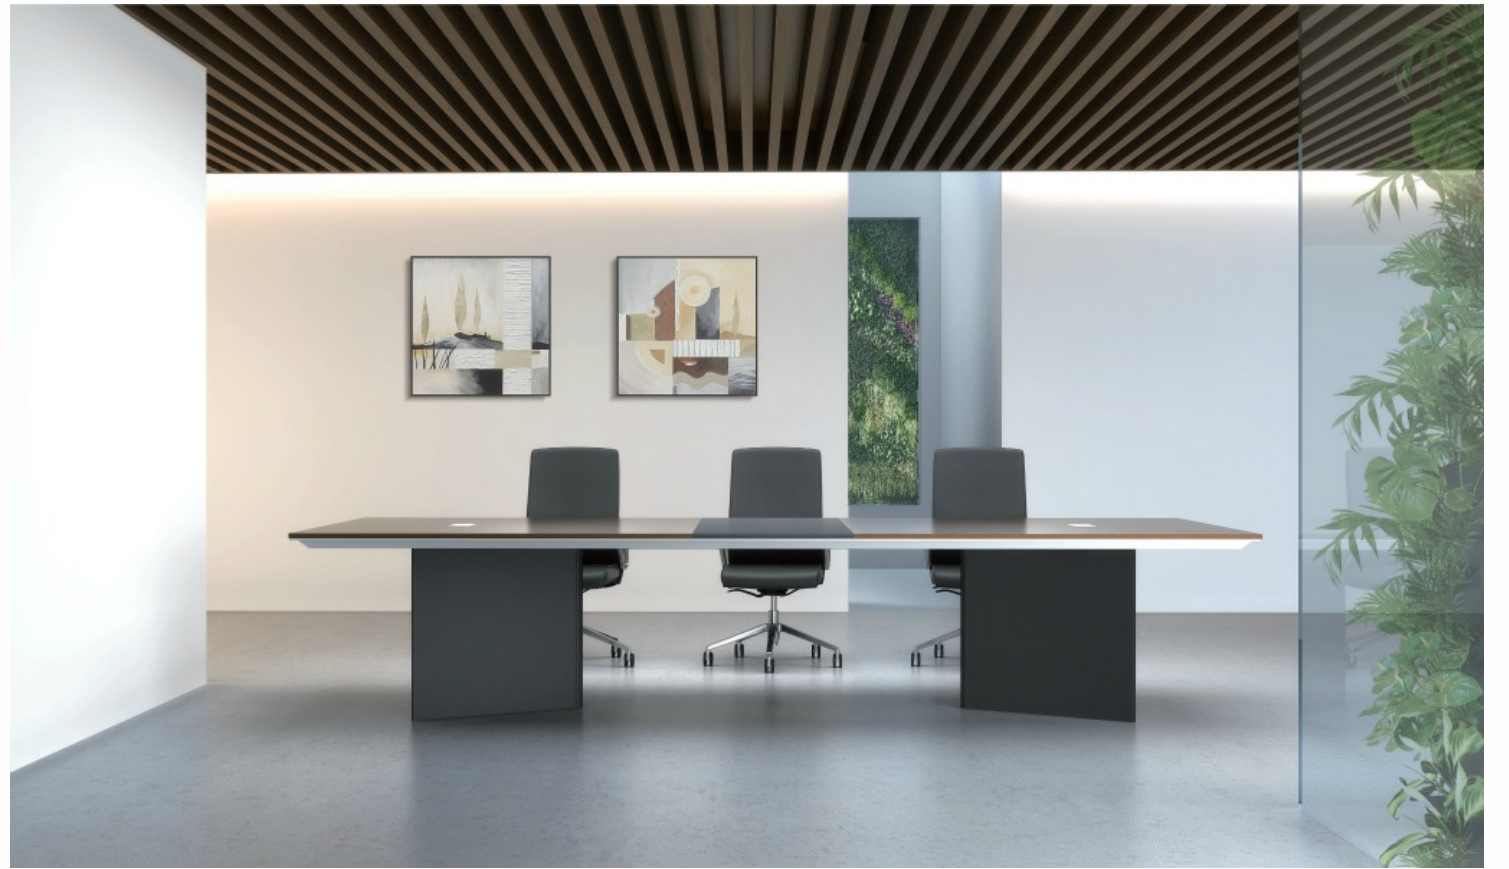

S-53 Walnut - Laminate

The newest addition to our series of cutting edge laminates this is so wood like that its hard to tell the difference.

S-52 - Dark Walnut - Laminate

S-43 Cass Walnut - Laminate

S-37 Virginia Walnut - Laminate

S-53 Maple - Laminate

S-28 Red Apple - Laminate

S-56 - Oak Laminate

Natural Wood Veneers

BOSS'S CABIN
Premium Office Furniture

Veneers are thin layers of wood cut from a tree that give a piece a more uniform natural exterior and appearance. Because they are natural wood they are richer and luxurious in their look and feel than a laminate which is an artificial substitute.

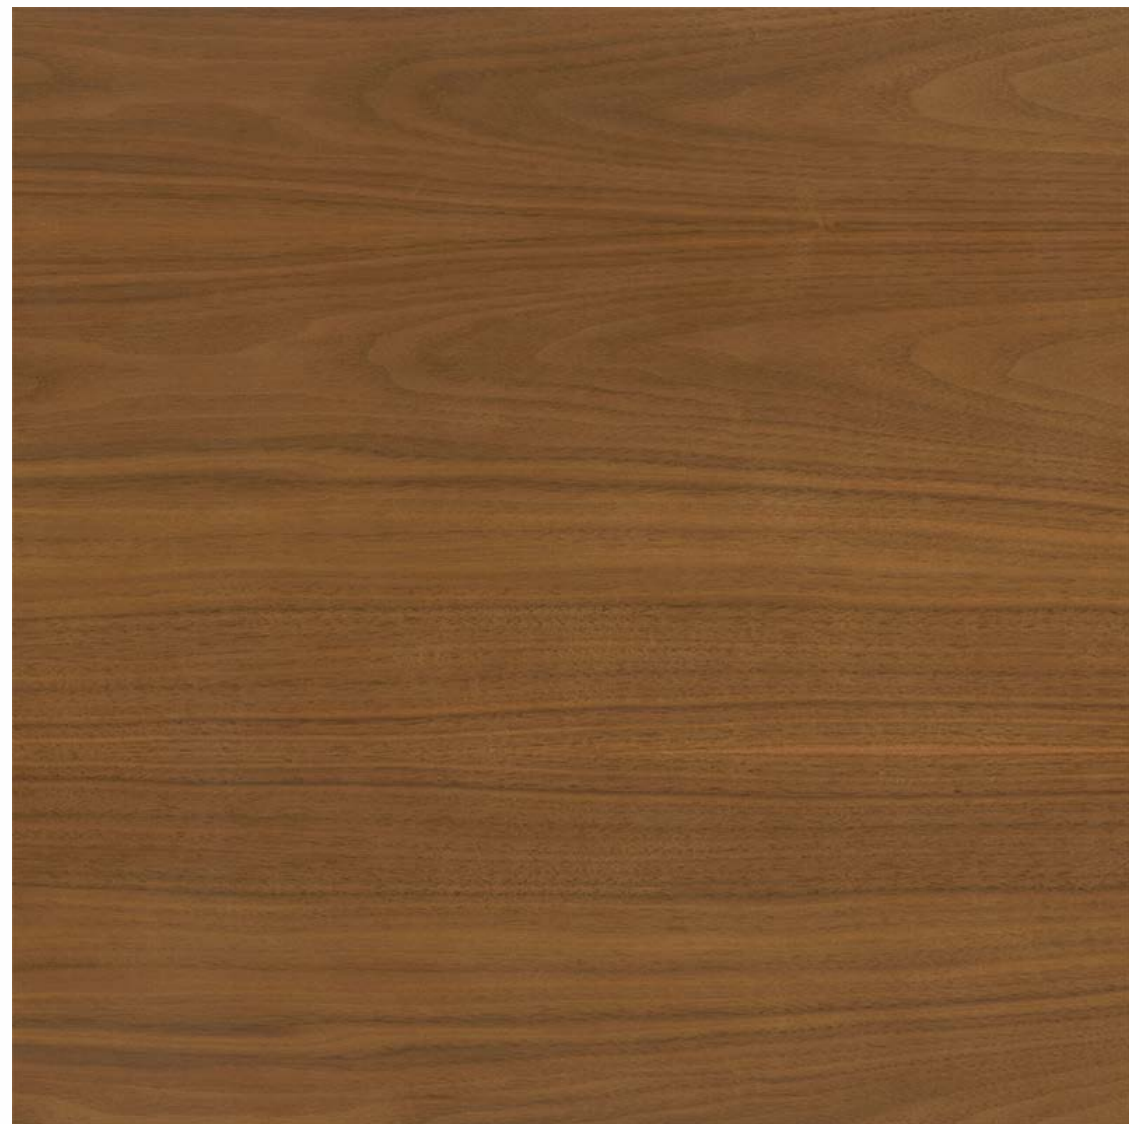

Not just the pretty face of your wood furniture, veneers can enhance durability while allowing you to create a consistent look in your office. Applied to the surface of other wood materials, Veneers can also increase the life of a piece by preventing the wood from expanding and contracting. Caused by changes in temperature, this contraction can cause solid wood to split over time. Since veneers are glued in strips of opposing grain patterns, they help stabilize the wood and prevent it from shrinking. The end result is a durable, high-quality piece that looks great.
